EDITORIAL POLICY

The goal of Wealth Insight, as with all publications from Value Research, is not just limited to generating profitable ideas for its readers; but to also help them in generating a few of their own. We aim to bring independent, unbiased and meticulously-researched stories that will help you in taking better-informed investment decisions, encouraging you to indulge in a bit of research on your own as well.

All our stories are backed by quantitative data. To this, we add rigorous qualitative research obtained by speaking to a wide variety of stakeholders. We firmly stick to our belief of fundamental research and value-oriented approach as the best way to earn wealth in the stock market. Equally important to us is our unwaveringly focus on long term planning.

Simplicity is the hallmark of our style. Our writing style is simple and so is the presentation of ideas, but that should not be construed to mean that we over-simplify.

Read, learn and earn – and let's grow and evolve as we undertake this voyage together.
