UNDERSTANDING THE NEW TRUMP

Donald Trump is now more experienced in handling the levers of power. **His strong mandate means he won't hesitate to push his agenda forward with a trusted team.** In this effort, the Trump family is expected to wield significant influence.

PLUS ►►

The main reason behind Trump's success was his ability to convert average American's grievances into votes

Trump's preferred transactional approach to foreign policy fits together well with Narendra Modi's bent towards strategic autonomy

The message from Democrats came across as vague, preachy and hopelessly removed from reality

INTRODUCING

LAST WORD
SURESH
NARAYANAN

Change is brought in when ordinary people do extraordinary things, when they overcome hardships through honesty and hardwork, and transform their lives to aspire for better. It is heartening to see, through Nestle's Project Swabhimaan, women from rural India becoming entrepreneurs.
