28
Jensen Huang: AI's \$3 Trillion Man

The tireless founder has put Nvidia at the heart of the AI boom.

BY JEREMY KAHN

36
Mark Zuckerberg and Meta's AI Makeover

The CEO and his company are back in contention in the gen AI race.

BY SHARON GOLDMAN

44
The Shifting Fortunes of CEO Helen Wong's OCBC
Trump's victory may make it harder for Western firms to do business in Hong Kong. That's good news for Singapore and OCBC Bank.

BY NICHOLAS GORDON

48
Changing Lanes

Thailand is a new front line in the battle for global auto supremacy as Chinese EV firms make inroads into markets long dominated by Japanese and U.S. manufacturers.

BY LIONEL LIM

INVESTOR'S GUIDE 2025

52
Five Trends for 2025 and How to Invest in Them

In volatile times, our picks in AI, defense and cybersecurity, luxury, energy, and health and wellness aim to help your portfolio come out ahead.
