WORLD'S BILLIONAIRES**49 | The World's Billionaires**

Forbes has been scanning the globe for billionaires since 1987. We found 140 that first year. It took two decades for their numbers to swell past 1,000. There were 2,000 in 2017. Now, eight years later, another milestone: a record 3,028 entrepreneurs, investors and heirs make up this year's ranking, 247 more than a year ago.

58 | Teflon Don

Donald Trump came one appellate court ruling away from losing control of his empire. While some counted him out, his supporters hung on, supplying the votes—and crypto—he needed to save his skin and double his fortune.

By Dan Alexander

**FEATURES****66 | Crypto's Billionaire Barker**

Justin Sun loves a publicity stunt. But in bailing out Donald Trump's crypto venture—netting the president and his family \$400 million—Sun has boosted his efforts to create a global payment system using his Tron platform, with 300 million users and counting.
