Understand whether process or resource constraints are stalling work. *By Samina Karim, Chi-Hyon Lee, and Manuela N. Hoehn-Weiss*

## RADAR

### 5 Fast Takes on Fresh Ideas

Three things to know about incentivizing CEOs, Bob Stiller on engaging employees, nickname branding, and more.

## FRONTIERS

### 9 Does GenAI Impose a Creativity Tax?

LLMs can boost worker productivity, but outputs may reflect less human creativity and originality.  
By Francisco Castro, Jian Gao, and Sébastien Martin

### 12 How to Build Diverse Leadership Teams by Enlisting Stakeholders

Make allies of people inside and outside your organization who are invested in strengthening talent pipelines.  
By Karen Brown

### 15 Cutting Last-Mile Delivery Costs

New tactics can boost profitability and satisfaction with subscription services. By Stanley Frederick W.T. Lim

### 18 A Better Way to Avoid Project Delays

Many organizations estimate project timelines inaccurately. Working from past project examples can improve on-time completion. By Matej Lorko, Maroš Servátka, and Le Zhang

### 20 When Qualified Women Resist the Leader Label

Many women are less likely than men to see themselves as leaders despite their demonstrated abilities.  
By Julia Lee Cunningham, Sue Ashford, and Laura Sondag

## FEATURES

### 50 A Practical Guide to Gaining Value From LLMs

Getting a return from generative AI investments requires a systematic approach to analyzing appropriate use cases. By Rama Ramakrishnan

### 56 The Myth of the Sustainable Consumer

Companies that understand the different kinds of consumers for sustainable products can market to them more effectively. By Andreas von der Gathen, Nicolai Broby Eckert, and Caroline Kastbjerg

### 62 How Integrating DEI Into Strategy Lifts Performance

Incorporating diversity, equity, and inclusion practices into core business planning can provide a competitive edge. By Quinetta Roberson

### 66 Know Your Data to Harness Federated Machine Learning

A collaborative approach to training AI models can yield better results, but it requires finding partners with data that complements your own. By José Parra-Moyano, Karl Schmedders, and Maximilian Werner

### 72 Why Influence Is a Two-Way Street

Managers achieve better outcomes when they prioritize collaborative decision-making over powers of persuasion. By Jonathan Hughes, Jessica Wadd, and Ashley Hetrick

### 76 Make Character Count in Hiring and Promoting

Most managers focus on competencies when evaluating candidates — but it's character that will transform the DNA of the organization. Here's how to assess it.  
By Mary Crossan

## COLUMNS

### 82 What You Still Can't Say at Work

Most people know what can't be said in their organization. But leaders can apply these techniques to break through the unwritten rules that make people self-censor.  
By Jim Detert

### 88 How Do You Build for an Unpredictable Future?

Coaching for the Future-Forward Leader  
By Sanyin Siang
